OUR LIFESTYLES ARE CHANGING

We are spending more time than ever focusing on our daily activities, whether for work or leisure, online or offline.

Wearing the right lens solution when carrying out our tasks can help us to maintain our attention more comfortably and for longer periods of time, whilst interacting easily with the world around us.

DIFFERENT ACTIVITIES DEMAND DIFFERENT VISION DISTANCES

A MORE COMFORTABLE POSITION WITH A NATURAL POSTURE.

- ✓ A reduced need for horizontal head movements.
- ✓ No need to tilt your head back to reach the near vision zone in the lens.
- ✓ Clear and wide vision.
